

Hold Man In Hit-Run Case

John J. Bigham, Jr., of Frederic was given a preliminary hearing before Justice Larry Galehouse on Tuesday afternoon on a charge of hitting a man with his car and leaving the scene. The case was continued until March 21. Bigham was released on \$500 bail.

Bigham gave himself up voluntarily to Sheriff William Goinick before a warrant was issued by Justice Galehouse. He also made a statement to the Sheriff. Bigham contended that he never knew that his car had struck anyone.

In the meantime, Wilson Patterson, 69, also of Frederic, was in Grayling Mercy Hospital suffering from brain concussion, head lacerations, fractured right arm and multiple contusions as the result of being struck by a car at 9:30 Sunday night while walking along US-27 on the north end of Frederic.

Sheriff Goinick investigated the accident and found evidence which pointed to Bighams car as the one which struck Patterson.

Regulation Passed By City Council

The new mausoleum at Elmwood Cemetery is now in use so the following regulations have been passed by the City Council.

Anyone wishing to have a body buried in Elmwood Cemetery in the winter instead of using the mausoleum must pay the cost of snow plowing the cemetery road, repair of damage caused by the plow, the extra cost of burial and must be responsible for the burial in case it is not on the exact lot the burial was intended. When there is snow it is extremely difficult to determine exact lot locations.

"See You In Church Sunday"

God's Plan For This Age.

In the beginning God: Creator and maker of all things. Gen. 1:1-2:25. God is a Spirit; and they that worship Him must worship Him in spirit and in truth. St. John 4:24. In the beginning was the Word, and the Word was with God, and the Word was God. St. John 1:1. And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of us Father,) full of grace and truth. V. 14. For the law was given by Moses, but grace and truth came by Jesus Christ. V. 17. The voice of God sounds on the ears of Peter, James and John as they stood on the mount, and beheld a voice out of the cloud, which said, This is my beloved Son, in whom I am well pleased; hear ye Him. Matt. 17:5. The Son of God is the Word of God, and the truth. God said hear ye Him, so let us hear what the Word of God sayeth: Jesus sayeth unto him, (us) I am the way, the truth, and the life: no man cometh unto the Father, but by me. St. John 14:6. And ye shall know the truth, and the truth shall make you free. St. John 8:32. If the Son therefore shall make you free ye shall be free indeed. St. John 8:36. For a freedom loving people, what glorious words are these! The Great emancipator, Christ. Throughout the Lenten season let us form the habit of attending Church. Let us honor the Father which art in Heaven by obedience to His Word. For the Father loveth no man, but hath committed all judgement unto the Son: That all men should honor the Son, even as they honor the Father. He that honoureth not the Son honoureth not the Father which hath sent Him. St. John 5:23. He that is of God heareth his voice: for he that heareth not his voice, he is not of God. St. John 8:47a. Varily, varily, I say unto you: He that heareth my word, and believeth on Him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life. St. John 5:24. With your Bible in hand may we see you in CHURCH Sunday. If we have no Bible, and no Christ, we have no truth.

Sincerely,

Rev. F. D. Barnes.

To Hold Food Handlers' Classes

District Health Department Number 1 will hold food handlers' classes for all food handlers in Crawford County in the dining room of the Shoppenagons Hotel on March 14, 15, and 16. Classes will start at 9:30 A. M. and 2:00 P. M. The afternoon classes will be duplicates of the forenoon classes, so that all personnel in restaurants, taverns and soda bars will be able to attend one session of the class each day without the closing of the establishment.

The handling of food has become more and more important in our health and everyday living as more than one-half of the population in the United States eats one or more meals each day in a restaurant. According to reports made to the United States Public Health Service, more than 18,000 persons were sick in 1948 because of food-borne disease outbreaks, but it is estimated that the total of cases actually is from ten to twenty times as great as those recognized and reported. Such outbreaks do not just happen. The disease germs exist—some where, as in sores, boils, sore throats or sinus infections. They may be in rodents or insects. The germs spread from sick persons or animals as a result of insanitary practices in the preparation, handling, storage, or service of food and drink or in the improper washing and sterilizing of dishes. They may reach a person in cream pipes, cream sauces, egg dishes, salads, meats, poultry, fish, or even in milk. That is in food that has been in contact with disease germs and left in a warm temperature where germs have multiplied and made food unsafe.

Through the training of employees and other personnel working in food establishments it is hoped that such infections will be greatly reduced and that the sanitation practices of food handling establishments will be much improved.

The Health department invites all who are interested in attending the classes to register on March 14 at either 9:30 or 2:00. They request all employees and managers of food handling establishments to be present. The seniors of the High Schools are invited to attend the classes which will prepare them to be food handlers during the summer vacation months.

Mr. and Mrs. Arthur Lake and children of Flint came to visit their father, Joe Gardoepes, who is a patient at Mercy Hospital, and their mother, Mrs. Gardoepes of Lovells. Art returned to his work but Mrs. Lake and children are remaining for a few days.

Mr. and Mrs. Harvey Gauthies and family enjoyed a visit of the latter parents, Mr. and Mrs. Jim Weaver of Atlanta.

Maryda Stillwagon and Mary Brooks visited over the week-end at Stillwagons.

Vikings Lose In Tourney

The Grayling High Vikings were defeated last Thursday night at Gaylord by the Blue Devils and knocked from the High School District Basketball Tournament due to their inability to hit the meshes.

A good pointer to their loss is the fact that out of 85 shots attempted by the Grayling squad only 11 hit the meshes. The foul shot attempts netted them but 3 points. The Gaylord team on the other hand cashed in on 13 out of 48 field goal tries and made good 8 out of 15 foul shot tries.

At the end of the first quarter, Gaylord led by the tiny margin of a field goal, 3 to 1. At halftime Grayling had pushed back into a tie, 9 to 9. The third quarter spell real trouble for the Vikings as Gaylord scored 14 points to Grayling's 4. In the final period, Grayling scored 12 points while the Blue Devils were netting 11 to take the game, 34 to 25.

Grayling center Jim Feldhauser winding up his high school career in basketball led the Vikings with 12 points. Pewee Laurent added 5, Jack Trudeau 4 and Ernie Miller and Bob Rasmussen 2 each. This was also the final game for Trudeau, Miller and Rasmussen, all who are seniors.

Gaylord center Duffield with 15 points led the Blue Devils with Forward Schreuer adding 7.

The Blue Devils went on to capture the District Championship by dropping Alpena St. Anne in the final quarter night by a 38 to 29 count. The only other Crawford County entry in the tourney, Frederic in Class D play was eliminated Friday night by Gaylord St. Mary's, 51 to 27. Lefty Fitzek of Gaylord scored 25 points in the game. Welch and Reava with 6 each led the Frederic Eagles with W. Tobin adding 5.

Surviving Mr. Sales are his mother, Mrs. Mary Flagg, a brother, Jess Sales, and two nieces, Mrs. James McGee and Miss Christine Sales.

March of Dimes Total \$1,725

The final total of the March of Dimes campaign in Crawford County was \$1,725.76. It was announced this week by Willard Cornell, campaign director.

Mr. Cornell said that possibly a little more might still come in, but did not expect that it would swell the total by any appreciable amount.

Celebrate Golden Wedding Anniversary

Mr. and Mrs. Guy Dargie of Plum Street celebrated their Golden Anniversary with a party given by their daughters, Mrs. Victor White of East Detroit, and Mrs. Stewart Haukwell of Grayling.

The party was at the home of Mrs. White.

Kiwanis Club Notes

This coming Monday night at 7 P. M. the Kiwanis Club of Grayling will stage their annual "Flowers to the Living" dinner.

The dinner will be held at the Masonic Hall and the outstanding Kiwanian of 1949 will be honored by the presentation of a gift and his wife by a gift of flowers.

This meeting is an annual event of the club's and is always looked forward to. Wives of the members and other guests will attend.

Fred Bear was in charge of the program at this weeks meeting of the club and showed a series of colored slides taken on a hunting trip with bow and arrow into Canada. Top spots of the series was the bagging of a large moose and a bear. Many fishing pictures were also very fine as well as the colorful rugged Canadian scenery.

Rev. Sebree explained about the cards that are placed in windows and all over right now "See You In Church Sunday."

Mr. Bond said that he would like anyone going to Houghton Lake to try and see their new school. Grayling is going to need one too, and the time is not far away.

Charles F. Welsh, education division of the Conservation Department of Roscommon was the guest speaker. His subject was "Sportsmanship." One thing that he emphasized was how so many so called sportsmen can leave their garbage, tin cans and bottles and such rubbish scattered along the highways and around in the woods. Also in our rivers and streams and over the ice on the lakes, where they may have been ice fishing, never thinking that this trash and rubbish is a very good source of water pollution. He also showed some moving pictures in natural color "Realm of the Wild."

The eighth grade sponsored by Mr. Fenton won the dollar for having the most parents present. There were twelve. Mrs. Kline's sixth grade was the runner up with nine present.

A tasty lunch consisting of several different varieties of cake and coffee was served by the lunch committee. On the lunch committee were Mrs. Floyd Sanctor, Mrs. Aubrey Blain, Mrs. Roy Smith, Mrs. Alva Stephan, Mrs. Milow Case, Mrs. Charles Davis, Mrs. Devere Wolcott, Mrs. Joe Stripe, Mrs. Frank Bond, and Mrs. South Side teachers, Mrs. Margaret Fenton and Mrs. Josephine Owen.

Grayling Pastry Shop Closes Doors

The Grayling Pastry Shop operated here by Mr. and Mrs. Barney Watts for the past year and a half has closed as the Watts have moved to Bellaire, where they are likewise entering the bakery business.

Although they did well in Grayling they felt that the Bellaire offer was a better opportunity for them, it was said.

This leaves Grayling without a home bakery. Several people have operated the bakery here only to later close up for one reason or another. It was the feeling of many people when informed of the bakery's closing, that Grayling needs and could support a well operated baking establishment.

To The Parents

Please examine your child carefully before sending him to school, for his own protection as well as for the protection of others. We have to date measles, chickenpox and mumps in our vicinity, have had four cases of scarlet fever, but at the present no new cases have been reported.

Symptoms of Measles: The onset of measles resembles a severe cold. There is sneezing, congestion of the eyes and mucous membranes of the upper respiratory tract and a hacking cough. The temperature usually is 102° to 104°, and this stage remains from two to four days.

Symptoms of Chickenpox: Chickenpox is a highly communicable disease, usually mild in character and seldom followed by complications. Chickenpox is characterized by a rash which appears as small reddish spots over nearly all of the body. These shortly become filled with fluid and after a few days dry up, becoming dark and form scabs. Other symptoms which usually accompany the disease are slight fever, headache and loss of appetite.

Symptoms of Mumps: Mumps is usually a mild disease and complications rarely occur in children under 12 years of age. The first symptoms appear from 18 days to 21 days. The principal symptom of mumps is an inflammation of the paratid glands located below and in front of the lower part of the ears. The joint of the lower jaw lies under the paratid gland and when the gland becomes swollen and tender the mouth can be opened only with difficulty and pain. One gland may be affected from two to four days before the other and occasionally only one gland is involved. There is usually some slight fever and headache and occasionally these symptoms are rather marked.

With your co-operation we can prevent a more serious epidemic, so if your child has any of these symptoms, please call in your family doctor for diagnosis and instructions with regard to whatever treatment may be indicated.

Thank you for your co-operation.

Mrs. Helen Corwin, R. N., School Nurse and City Health Officer.

Michigan Third In Tourist Trade

Lansing, Michigan. — Michigan placed third in the nation's tourist industry in 1949, according to a national survey conducted by American Magazine. New York and California were tied for first and Florida followed Michigan in fourth place.

Robert J. Furlong, Administrative Secretary of the Michigan Tourist Council, explained that the information was obtained from a study made among two and a half million families comprising the readership of the magazine.

Authorities agree that this can be considered a reliable cross section of the population of the nation.

Results showed that nine per cent of those surveyed came to Michigan on their vacation last year. Twelve per cent went to both California and New York, and eight per cent to Florida.

The magazine has conducted the survey for several years and since 1946 results have shown that Michigan has enjoyed a steady increase in popularity among vacationers. It was in 1946 that Michigan, through its Tourist Council, began a nation-wide advertising and publicity program in cooperation with the tourist associations to call attention to vacation advantages of the entire state. In that year, according to the survey, four per cent of the nation's vacationers came to Michigan. In 1917 the percentage increased to six. It went to eight in 1948 and to nine last year.

Michigan was the only mid-western state to enjoy an increase in vacationers in 1949 over 1948, according to the survey. Wisconsin, with six per cent and Minnesota, with four per cent, remained unchanged.

Illinois attracted seven per cent of the nation's vacationers in 1948, but dropped to five per cent in 1949, the survey showed. Ohio suffered the greatest loss—from six per cent in 1948 to one per cent in 1949. Indiana dropped from four to three per cent.

"The results of the survey are very encouraging," said Furlong, "but they also point definitely to the importance of a continued advertising and promotional effort. Competition among states is going to be greater than ever before. Our business is going to go all out to get back the business they lost. In addition, Canada and Mexico are spending unprecedented amounts to get that lucrative tourist dollar. This means there can be no let-up in Michigan if our state is to maintain the gains already made and in addition meet new competition and keep moving forward."

MARTHA SANDERS LAID TO REST

Martha Louise Sanders of Rose City, 89, passed away here at the home of her daughter, Mrs. Cora Neal, last Thursday evening following a three year illness. She was born in New York State to Sherman and Sarah Neal, May 27, 1860.

Final rites were read at the Sorenson Funeral Home Sunday afternoon, at 2 P. M. by Rev. R. C. Puffer. Interment was in Elmwood Cemetery.

The deceased is survived by four daughters, Mrs. Ella Hoy of Detroit, Mrs. Dora Woods, Mt. Clemens, and Mrs. Cora Neal and Miss Rose Butler of Grayling, and a son, Edward Butler of Rose City.

Grayling Band Attends District Music Festival

The High School Band attended the district No. 2 music festival at Traverse City and received a rating of Division II from the judges. This rating is defined as "an unusual performance in many respects, but not worthy of the highest rating due to minor defects in performance of ineffective interpretation, a performance of distinctive quality." The band also played a sight reading test, and received a rating of II X X, indicating almost a first division rating. Mr. Christian was very pleased with the bands performance, as it was the first district meet our school has ever entered. Next year we will point toward a first division rating, much hard work is in store for us to obtain this.

The following bands entered the meeting, and their rating is indicated as follows:

Class D—Alanson, II; Boyne Falls, IV; Harbor Springs.

Class — Boyne City, I; Elk Rapids, II; Gaylord, II; East Jordan, I; Reed City; Charlevoix, I.

Class B—Rogers City, III; Petoskey, I; Traverse City, I.

Mr. Leonard Falcone, head of bands of Michigan State College, Mr. Keith Stein, orchestra director, Michigan State College, were the judges.

Why Be A Copy Cat

One misleading bit of propaganda in favor of compulsory health insurance for this country has its roots in Britain's experience with a scheme which is about the same in principle. It is pointed out that more than 90 per cent of British doctors have registered and are now working under the health act. Therefore, it is argued, the vast majority of British physicians must favor it.

That may seem a sound argument on the surface, but it won't stand analysis. In Britain, it had long been the procedure for doctors, when they wished to settle in some locality, to buy the practice of a doctor who had died or retired. These purchases represented a big outlay—up to twice as much as the annual gross income.

When Britain adopted her national health act, she made the purchase of practices illegal. In order not to rob the doctors, she set up a large fund to compensate for the change. However, the catch was this: To be eligible for compensation a doctor had to enter the medical scheme by a certain date. If he didn't he would get nothing. And so 90 per cent of the doctors registered in self defense.

Distinguished doctors—including British, Americans, and others have made careful studies of the workings of nationalized medicine. Almost to a man, they have reported a serious decline in the standards of medical care, insufficient time and money given to research and preventive medicine, and that doctors are burdened with so many patients that those who are really ill cannot be properly treated. On top of that, the cost, paid for out of taxes, have been excessive, and have greatly exceeded all estimates.

Socialized or regimented medicine, in other words, is second-grade medicine for which a big price is paid. And what is true of England would be true of this country if we wish to be a copy cat.

NOTE THESE STYLE LINES WELL. They're straight
out of the Buick Riviera book—and they cloak interiors
that are roomy as much-higher-priced cars.

FIRE AND AFT - a beauty and a buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean

BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS graduated between the rails • SOFT BUICK RIDE, from all-coil springing. Safety Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLO DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher.

Athlete's Foot Infects Fifty Per Cent of Americans

Half of the American people are
infected with athlete's foot and
at least half of all school children
will show some form of the affec-
tion during the school year, ac-
cording to G. T. Stafford, and C. O.
Jackson of the Department of
Physical Education of the Uni-
versity of Illinois in Champaign.

These figures, given in an article
in Hygieia, health magazine of the
American Medical Association, are
based upon records of medical ex-
aminations for induction into the
armed forces or for admissions to
colleges and universities.

The authors further stated that
most adults have had athlete's foot
infection a number of times. The
majority of cases are mild, yet
capable of causing infection
spreading across on floors and
premises. The disease is produced
by spores, or seeds of a certain
fungus, and spreads quickly, espe-
cially in damp, dark places. Locker
rooms, shower rooms, shoes, and
towels are likely locations.

While the article maintained
that the use of footbaths contain-
ing so-called fungus-killing prepa-
rations or "fungicides" is ineffec-
tive as a means of eliminating the
infection, it did suggest other con-
trol measures. These included
scrubbing and treating the floors
and premises with a good fungi-
cide at least once a week, and
using an effective powder in shoes
and hose.

Schools which have followed an
athlete's foot have noticeably re-
duced the incidence of the disease, the
article said, adding that the infec-
tion, with proper care and pre-
caution, can be eliminated.

REMORSEFUL ROBBER . . . Clyde J. McGinty, 28, sobs hysterically
after his arrest on charges of knifing an Oakland, Calif., tavern keeper
in a holdup attempt. McGinty is flanked by Patrolman Jerry Dineen

neck and hands. McGinty was booked for investigation of robbery after
he was picked up by police and search of his person disclosed that his
pockets held some change from the bar.

PAUL SPARROW'S vaudeville act
wasn't especially good, nor was
it especially poor. He did a couple
of trick dance steps, told some
fairly funny stories and sang a
couple of songs. There were doz-
ens better than he. Yet Paul always
played the big time, always got the
best money. We who were in show
business at the time, wondered.

The answer was simple when you
stopped to think about it. Paul was
enterprising. He gave himself a
build up. For one thing he selected
his music with care. He in-
structed the or-
chestra what to
play and how to play it before he
came on. He made a stooge of the
drummer. He sold the idea, gener-
ally, that he was terrific.

We all expected that Paul
would be among the first to go.
But he wasn't. I didn't see him
for almost a year, then one fall
up in San Francisco, I ran
across him again. It was rather
a unique experience, because
the gag he pulled that night
was epic.

It seems that, despite his enter-
prising faculties, Paul was due to
get the air. He had exhausted his
bag of tricks. Managers were get-
ting wise to him. On this night he
was trying out at the Olympia
Theater. Most of us thought it
would be his swan song. On the
other hand, if he went over big
with his audience it would mean
a 40-week contract. There wasn't
a chance.

We watched him come out from
the opposite side of the wings. He
was doing a quick little dance step.
There was a smattering of applause
that almost instantly died away.
Paul hesitated, then went into a
routine. It was pitiful, because the
step was rotten and he had appar-

ently been standing so I could
see Paul's face. For the first
time since I'd known him I saw
anger in his eyes, a red flush
in his cheeks. He stopped danc-
ing.

"All right," he said. "All right,
wise guys, I'll show you."
The hecklers booed at him,
shouted catcalls. Paul's face went
livid. He suddenly galvanized into
action.

I HAVE SEEN some good trick
dancers in my day, but I've
never seen anything to equal the
antics of Paul Sparrow that night.
Thoroughly aroused he became a
contortionist. He performed feats
that were unheard of in the art of
dancing. He threw himself around
that stage like a madman. It was
marvelous to watch. Superb!

Paul came out for three encores.
He was a man inspired each time,
and each time the audience gave
him an ovation. They clapped for
five full minutes after his last ap-

pearance.
After a while I strolled back to
Paul's dressing room. The manager
was just leaving. Inside, Paul was

"Well," grinned Paul, "if
you're serious, that's fine . . .
if my gag took in an old trouper
like you, it worked better
than I thought it would."

happily folding up a sheet of paper.
I could tell by the expression on his
face that it was the contract.

"Hello, feller," I grinned.
"You killed 'em. I guess the
thing to do if you want to stay
in vaudeville these days is get
mad."

"Why," he said, surprised, "Did
you think I was mad? I wasn't."
"Don't kid me. Those hecklers
had you down for the count."
"Well," grinned Paul, "if you're
serious that's fine. I mean, if my
little gag took in an old trouper like
yourself, it even worked better
than I thought it would."

"Wait a minute," I said, begin-
ning to feel funny. "What are you
getting at?"

"It was a gag, old horse. I hired
three hecklers to do the job—you
know, make the audience feel sym-
pathetic toward me by having scath-
ing remarks hurled at me. Then I
pulled my trick. My new step. It
really wasn't much of a step, you
know. It only seemed that way. The
audience was sympathetic. They
would have liked anything I did."

He grinned broadly. "You see, I was
on the skirts. I had to think of
something. I tell you, friend, if you
want to stay in vaudeville these
days, you've got to be enterpris-
ing."

MARTIN'S HI-SPEED SERVICE

Opening a state-wide drive to raise funds for the first hospital for alcoholics in Michigan are Harry Henderson, left, president of the Michigan Alcoholic Rehabilitation Foundation and a member of the Liquor Control Commission, and Federal Judge Frank Picard, the Foundation's Vice-President. The Little Brown Jug collection canisters have been placed in retail liquor outlets throughout the state.

Open "Brown Jug" Campaign

The Little Brown Jug Campaign, launched this week by The Michigan Alcoholic Rehabilitation Foundation, will give the people of Michigan an opportunity to "give the price of a drink for the victim of drink" and thereby establish a pilot hospital where alcoholics can be helped on the road back to sobriety. Hope that the campaign will raise at least \$100,000 was expressed by the man who thought up the idea, Harry Henderson, foundation president and member of the State Liquor Control Commission.

Alcoholism ranks fourth as a problem illness, Henderson declared, and is no respecter of age, economic status or sex. There is a tremendous need for a hospital of the type contemplated by the foundation, he continued, as there are some 4,000,000 problem drinkers in the country, and of these about 750,000 are classified by medical scientists as "chronic alcoholics."

"The medical profession agrees," Mr. Henderson states, "that alcoholism is a disease that should have specialized treatment, and the Foundation plans to establish rehabilitation facilities for chronic excessive drinkers. We hope the pilot plant will point the way for a program the State of Michigan will eventually follow in dealing with this problem."

In the words of Mr. Henderson there is no reason why chronic alcoholics should be "forever untouchable." Experience of Alcoholics Anonymous and other organizations proves that a large percentage of these individuals can be rehabilitated. Addicts who have deteriorated to a skeleton of their former selves and who have descended to the lowest strata of society have been restored to complete usefulness under proper treatment and care.

The entire liquor and beverage industry is co-operating in the fund raising drive by placing "Little Brown Jug" containers in all of the bars, taverns, and licensed outlets in the state. The movement has the support of industry trade associations and unions. An added feature of the campaign is a special recording of "The Little Brown Jug" that will be the hit tune of the month on juke-boxes throughout the state.

Alcoholic Anonymous has this campaign as the greatest single step to be taken in Michigan to combat this cursed affliction. They know from ex-

perience that the cure is made possible by breaking the cycle of compulsive drinking and re-establishing the individual — physically, mentally, and socially. Only a specialized hospital can hope to give this type of treatment.

Officers and trustees of the Foundation include, with Mr. Henderson, the Hon. Frank A. Picard, Judge U. S. District Court; T. Allan Smith, Commonwealth Bank; Philip Neudeck, attorney; Charles Kendrick, realtor; Dr. Charley Kennedy, regent, University of Michigan; Judge Miles Culehan, and others.

Special contributions from individuals are being accepted at the Foundation headquarters, 936 Dime Bank Building, Detroit 26, Michigan. Checks or money orders should be made payable to Michigan Alcoholic Rehabilitation Foundation.

Dairy Producers Oppose A. & P. Suit

The Midwest Producers Creameries, Inc., opposed government restrictions on distributors of dairy products "such as the Great Atlantic and Pacific Tea Company" during its recent annual meeting at South Bend.

The action was taken in the form of a resolution adopted by the group, which includes 21 creamery associations representing more than 8,000 farmers in Illinois, Indiana, Michigan, Ohio and Tennessee.

The resolution called for opposition, on the part of the dairy producers, to unjust government attacks on distributors handling their products. It cited the A. & P. case and emphasized that this company had done much to increase the consumption of dairy products and other foods.

The government anti-trust division currently is seeking through the courts to break up the A. & P. and to divorce the present owners from all of the company's operations.

The resolution further stated that "anything done to hinder

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 11th day of April, A. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the county treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford
In Chancery.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Crawford, in Chancery:
Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1933, as amended, and Act No. 126 of the Public Acts of 1933, as amended.

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county which have been bid off in the name of the State and held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned.

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned.

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:
a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended.

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses as computed and extended in said schedule against the several parcels of land therein described.

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable.

And your petitioner will ever pray, etc.
Dated: February 2, 1958.

MURI K. ATEN,
Auditor General of the State of Michigan,
for and in behalf of said State.

It seems the only way the timberlooker could think of to thwart the shenanigans of the giant Octopus and his Company had grown to be was to go into a middle with the settlers upriver and get them to demand a piece of their logs on the banking grounds, instead of the former "Estimate," and then the final settlement after they had been tallied through the mill, which gave the company its greatest chance for skullduggery.

After about three years of this, Clay discovered that the figures on his sale-sheet were still being juggled, and that the Settlers were still losing their shirts so he made out duplicate copies and handed them out so that his original sale sheets could be compared with the returns from the office, "and that," Clay Woods said, "sprung the trap, and almost got me killed off, along with the fact that I'd been makin' remarks about how this boy I'd found out in Big Bear Swamp had a husky voice just like Louise Struthers, and freckles across his nose just like young Dan Story, the young fellow she'd married, and wouldn't it be funny if it should turn out that when they got killed or disappeared up river a few years before, that there'd been a mix-up, and the old folks had paid a thousand dollars reward for the wrong baby I didn't know how I was playin' with dynamite on that issue, and didn't find out till a lot later.

"All I had was a hunch that somewhere I'd seen those wide blue eyes and freckles across a stubby nose and heard that soft whirly voice before, and the rest was just imagination on my part. Naturally when he told me his mother was a squaw named Nikka, I know there was a mistake somewhere. He just couldn't have any Indian blood in him, not with those blue eyes and freckles, but I never laid a guess that he was the key figure in the whole bunch o' tricks."

"The battle-lines were fairly laid," Clay said, "when the jobbers upriver begun comparing their returns from the office with the copies of my original sale sheet, and found out how the figures had been doctored. They come out of the woods like a swarm of angry hornets, and lit right a-straddle of Zeke's horse's neck."

"They got their claims all settled finally, but the Settlers refused to let him have any of that years logs at any price. They struck straight from the shoulder as I knew they would, and held meeting, passed a resolution, and fired a letter to headquarters showing right where they stood. It was written by Bonnie Parker, and went something like this.

"W. Struthers Lbr. Company, Tawas City. Dear Sirs, you damn crooks an' pirates. You don't get no more of our logs. We hold a meeting and sell to Ereen & Halliday from now on. You can go to hell. Signed, Bonnie Parker and all his nabors."
